## Subject index

### Volume 39 (1995)

**Abuse criteria;** DSM-IV; Diagnostic criteria; Quantitative model; Qualitative model; Substance abuse 39, 99

**Adolescence;** Neuropsychology; Drug abuse; Alcoholism; Female 39, 15

**Alcohol abuse;** Cocaine dependence; Psychopathology; Polysubstance abuse 39, 69

**Alcohol abuse/dependence;** Epidemiology; Comorbidity; Psychiatric disorders; Risk factors 39, 111

**Alcohol dependence;** Alcohol tolerance 39, 33

**Alcohol dependence syndrome;** Cytochrome P450IIE1; Genes; Cirrhosis; Korsakoff's syndrome 39, 181

**Alcohol tolerance;** Alcohol dependence 39, 33

**Alcohol use disorders;** Comorbidity; Major depression; Comorbid disorder 39, 197

**Alcoholic hepatitis;** Interleukin;  $\gamma$ -Interferon; Tumor necrosis factor; Cytokines 39, 23

**Alcoholism;** Diagnosis; Drug abuse; DSM-III; DSM-IV; ICD-10; Severity; Validity 39, 139

**Alcoholism;** Genetics; Comorbidity; Twins; Drug abuse; Mental disorders 39, 129

**Alcoholism;** Neuropsychology; Adolescence; Drug abuse; Female 39, 15

**Amantadine;** Cocaine dependence; Methadone maintenance; Dopamine agonist; Clinical trial 39, 173

**Amphetamines;** Polydrug use; Heroin 39, 231

**Behavior therapy;** Contingency management; Methadone maintenance 39, 167

**Cannabis;** Clinic attenders; Cannabis and the law 39, 29

**Cannabis and the law;** Cannabis; Clinic attenders 39, 29

**Carbamazepine;** Cocaine; Craving; Cue reactivity; EEG 39, 213

**Cardiovascular;** Selegiline; *l*-Deprenyl; Cocaine; Safety; Subjective 39, 55

**Child development;** Drug abuse; Etiology; Event related potential; Family; Dysfunction 39, 253

**Cirrhosis;** Cytochrome P450IIE1; Genes; Korsakoff's syndrome; Alcohol dependence syndrome 39, 181

**Clinic attenders;** Cannabis; Cannabis and the law 39, 29

**Clinical trial;** Cocaine dependence; Methadone maintenance; Amantadine; Dopamine agonist 39, 173

**Clonidine;** Craving; Reinforcement; Opiate addiction; Humans; Methadone 39, 207

**Cocaine;** Carbamazepine; Craving; Cue reactivity; EEG 39, 213

**Cocaine;** Pharmacotherapy; Depression; Imipramine; Desipramine 39, 185

**Cocaine;** Selegiline; *l*-Deprenyl; Safety; Cardiovascular; Subjective 39, 55

**Cocaine abuse;** Treatment; Mazindol 39, 245

**Cocaine dependence;** Methadone maintenance; Amantadine; Dopamine agonist; Clinical trial 39, 173

**Cocaine dependence;** Psychopathology; Alcohol abuse; Polysubstance abuse 39, 69

**Comorbid disorder;** Comorbidity; Alcohol use disorders; Major depression 39, 197

**Comorbidity;** Alcohol use disorders; Major depression; Comorbid disorder 39, 197

**Comorbidity;** Epidemiology; Alcohol abuse/dependence; Psychiatric disorders; Risk factors 39, 111

**Comorbidity;** Genetics; Twins; Alcoholism; Drug abuse; Mental disorders 39, 129

**Conditioned aversion;** Valproate; Pentylentetrazol; Withdrawal discomfort; Quasi-withdrawal; Naloxone 39, 1

**Constipation;** Opioid antagonists; Opioids; Nalmefene 39, 151

**Contingency management;** Behavior therapy; Methadone maintenance 39, 167

- Craving;** Carbamazepine; Cocaine; Cue reactivity; EEG 39, 213
- Craving;** Reinforcement; Opiate addiction; Humans; Methadone; Clonidine 39, 207
- Cue reactivity;** Carbamazepine; Cocaine; Craving; EEG 39, 213
- Cytochrome P450IIE1;** Genes; Cirrhosis; Korsakoff's syndrome; Alcohol dependence syndrome 39, 181
- Cytokines;** Alcoholic hepatitis; Interleukin;  $\gamma$ -Interferon; Tumor necrosis factor 39, 23
- d-Amphetamine;** Paroxetine; Subjective effects; Serotonin; Healthy volunteers 39, 223
- Depression;** Cocaine; Pharmacotherapy; Imipramine; Desipramine 39, 185
- Desipramine;** Cocaine; Pharmacotherapy; Depression; Imipramine 39, 185
- Diagnosis;** Alcoholism; Drug abuse; DSM-III; DSM-IV; ICD-10; Severity; Validity 39, 139
- Diagnostic criteria;** DSM-IV; Abuse criteria; Quantitative model; Qualitative model; Substance abuse 39, 99
- Diagnostic interview;** Reliability; Diagnostic reliability; Psychiatric assessment; Test-retest 39, 37
- Diagnostic reliability;** Reliability; Psychiatric assessment; Diagnostic interview; Test-retest 39, 37
- Diazepam dependence in rat;** Flunitrazepam dependence in rat; Nordiazepam dependence in rat; Slow-release of benzodiazepines; Flumazenil; Precipitated abstinence 39, 63
- Dopamine agonist;** Cocaine dependence; Methadone maintenance; Amantadine; Clinical trial 39, 173
- Drug abuse;** Alcoholism; Diagnosis; DSM-III; DSM-IV; ICD-10; Severity; Validity 39, 139
- Drug abuse;** Etiology; Event related potential; Family; Dysfunction; Child development 39, 253
- Drug abuse;** Genetics; Comorbidity; Twins; Alcoholism; Mental disorders 39, 129
- Drug abuse;** Neuropsychology; Adolescence; Alcoholism; Female 39, 15
- Drug Reduction Programme;** Injection; Sharing of equipment; Scottish prisons; HIV risk 39, 237
- DSM-III;** Alcoholism; Diagnosis; Drug abuse; DSM-IV; ICD-10; Severity; Validity 39, 139
- DSM-IV;** Abuse criteria; Diagnostic criteria; Quantitative model; Qualitative model; Substance abuse 39, 99
- DSM-IV;** Alcoholism; Diagnosis; Drug abuse; DSM-III; ICD-10; Severity; Validity 39, 139
- Dysfunction;** Drug abuse; Etiology; Event related potential; Family; Child development 39, 253
- EEG;** Carbamazepine; Cocaine; Craving; Cue reactivity 39, 213
- Epidemiology;** Alcohol abuse/dependence; Comorbidity; Psychiatric disorders; Risk factors 39, 111
- Etiology;** Drug abuse; Event related potential; Family; Dysfunction; Child development 39, 253
- Event related potential;** Drug abuse; Etiology; Family; Dysfunction; Child development 39, 253
- Family;** Drug abuse; Etiology; Event related potential; Dysfunction; Child development 39, 253
- Female;** Neuropsychology; Adolescence; Drug abuse; Alcoholism 39, 15
- Flumazenil;** Flunitrazepam dependence in rat; Nordiazepam dependence in rat; Diazepam dependence in rat; Slow-release of benzodiazepines; Precipitated abstinence 39, 63
- Flunitrazepam dependence in rat;** Nordiazepam dependence in rat; Diazepam dependence in rat; Slow-release of benzodiazepines; Flumazenil; Precipitated abstinence 39, 63
- $\gamma$ -Interferon;** Alcoholic hepatitis; Interleukin; Tumor necrosis factor; Cytokines 39, 23
- Genes;** Cytochrome P450IIE1; Cirrhosis; Korsakoff's syndrome; Alcohol dependence syndrome 39, 181
- Genetics;** Comorbidity; Twins; Alcoholism; Drug abuse; Mental disorders 39, 129
- Health care services;** Treatment services; WHO, International survey 39, 7
- Healthy volunteers;** Paroxetine; d-Amphetamine; Subjective effects; Serotonin 39, 223
- Heroin;** Methadone; Stages-of-change; Treatment readiness 39, 45
- Heroin;** Polydrug use; Amphetamines 39, 231
- HIV risk;** Injection; Sharing of equipment; Scottish prisons; Drug Reduction Programme 39, 237
- HIV-1;** Intravenous drug use; Injection; Needle sharing; Urinalysis; Self-report; Validity 39, 91
- Humans;** Craving; Reinforcement; Opiate addiction; Methadone; Clonidine 39, 207
- ICD-10;** Alcoholism; Diagnosis; Drug abuse; DSM-III; DSM-IV; Severity; Validity 39, 139
- Imipramine;** Cocaine; Pharmacotherapy; Depression; Desipramine 39, 185
- Injection;** Intravenous drug use; Needle sharing; Urinalysis; Self-report; Validity; HIV-1 39, 91

- Injection;** Sharing of equipment; Scottish prisons; HIV risk; Drug Reduction Programme 39, 237
- Interleukin;** Alcoholic hepatitis;  $\gamma$ -Interferon; Tumor necrosis factor; Cytokines 39, 23
- Intravenous drug use;** Injection; Needle sharing; Urinalysis; Self-report; Validity; HIV-1 39, 91
- Korsakoff's syndrome;** Cytochrome P450IIE1; Genes; Cirrhosis; Alcohol dependence syndrome 39, 181
- l*-Deprenyl;** Selegiline; Cocaine; Safety; Cardiovascular; Subjective 39, 55
- Major depression;** Comorbidity; Alcohol use disorders; Comorbid disorder 39, 197
- Mazindol;** Cocaine abuse; Treatment 39, 245
- Mental disorders;** Genetics; Comorbidity; Twins; Alcoholism; Drug abuse 39, 129
- Methadone;** Craving; Reinforcement; Opiate addiction; Humans; Clonidine 39, 207
- Methadone;** Stages-of-change; Heroin; Treatment readiness 39, 45
- Methadone maintenance;** Cocaine dependence; Amantadine; Dopamine agonist; Clinical trial 39, 173
- Methadone maintenance;** Contingency management; Behavior therapy 39, 167
- Methadone treatment;** Problem gambling; Opiate addiction 39, 75
- Methamphetamine;** Methamphetamine impurities; Pharmacological activity; Pharmacological interactions 39, 83
- Methamphetamine impurities;** Methamphetamine; Pharmacological activity; Pharmacological interactions 39, 83
- Nalmefene;** Opioid antagonists; Constipation; Opioids 39, 151
- Naloxone;** Valproate; Pentylentetrazol; Conditioned aversion; Withdrawal discomfort; Quasi-withdrawal 39, 1
- Needle sharing;** Intravenous drug use; Injection; Urinalysis; Self-report; Validity; HIV-1 39, 91
- Neuropsychology;** Adolescence; Drug abuse; Alcoholism; Female 39, 15
- Nordiazepam dependence in rat;** Flunitrazepam dependence in rat; Diazepam dependence in rat; Slow-release of benzodiazepines; Flumazenil; Precipitated abstinence 39, 63
- Opiate addiction;** Craving; Reinforcement; Humans; Methadone; Clonidine 39, 207
- Opiate addiction;** Problem gambling; Methadone treatment 39, 75
- Opioid antagonists;** Constipation; Opioids; Nalmefene 39, 151
- Opioids;** Opioid antagonists; Constipation; Nalmefene 39, 151
- Paroxetine;** *d*-Amphetamine; Subjective effects; Serotonin; Healthy volunteers 39, 223
- Pentylentetrazol;** Valproate; Conditioned aversion; Withdrawal discomfort; Quasi-withdrawal; Naloxone 39, 1
- Pharmacological activity;** Methamphetamine; Methamphetamine impurities; Pharmacological interactions 39, 83
- Pharmacological interactions;** Methamphetamine; Methamphetamine impurities; Pharmacological activity 39, 83
- Pharmacotherapy;** Cocaine; Depression; Imipramine; Desipramine 39, 185
- Polydrug use;** Heroin; Amphetamines 39, 231
- Polysubstance abuse;** Cocaine dependence; Psychopathology; Alcohol abuse 39, 69
- Precipitated abstinence;** Flunitrazepam dependence in rat; Nordiazepam dependence in rat; Diazepam dependence in rat; Slow-release of benzodiazepines; Flumazenil 39, 63
- Problem gambling;** Opiate addiction; Methadone treatment 39, 75
- Psychiatric assessment;** Reliability; Diagnostic reliability; Diagnostic interview; Test-retest 39, 37
- Psychiatric disorders;** Epidemiology; Alcohol abuse/dependence; Comorbidity; Risk factors 39, 111
- Psychopathology;** Cocaine dependence; Alcohol abuse; Polysubstance abuse 39, 69
- Qualitative model;** DSM-IV; Abuse criteria; Diagnostic criteria; Quantitative model; Substance abuse 39, 99
- Quantitative model;** DSM-IV; Abuse criteria; Diagnostic criteria; Qualitative model; Substance abuse 39, 99
- Quasi-withdrawal;** Valproate; Pentylentetrazol; Conditioned aversion; Withdrawal discomfort; Naloxone 39, 1
- Reinforcement;** Craving; Opiate addiction; Humans; Methadone; Clonidine 39, 207
- Reliability;** Diagnostic reliability; Psychiatric assessment; Diagnostic interview; Test-retest 39, 37
- Risk factors;** Epidemiology; Alcohol abuse/dependence; Comorbidity; Psychiatric disorders 39, 111
- Safety;** Selegiline; *l*-Deprenyl; Cocaine; Cardiovascular; Subjective 39, 55
- Scottish prisons;** Injection; Sharing of equipment; HIV risk; Drug Reduction Programme 39, 237
- Selegiline;** *l*-Deprenyl; Cocaine; Safety; Cardiovascular; Subjective 39, 55
- Self-report;** Intravenous drug use; Injection; Needle sharing; Urinalysis; Validity; HIV-1 39, 91
- Serotonin;** Paroxetine; *d*-Amphetamine; Subjective effects; Healthy volunteers 39, 223
- Severity;** Alcoholism; Diagnosis; Drug abuse; DSM-III; DSM-IV; ICD-10; Validity 39, 139

**Sharing of equipment;** Injection; Scottish prisons; HIV risk; Drug Reduction Programme 39, 237

**Slow-release of benzodiazepines;** Flunitrazepam dependence in rat; Nordiazepam dependence in rat; Diazepam dependence in rat; Flumazenil; Precipitated abstinence 39, 63

**Stages-of-change;** Methadone; Heroin; Treatment readiness 39, 45

**Subjective;** Selegiline; *l*-Deprenyl; Cocaine; Safety; Cardiovascular 39, 55

**Subjective effects;** Paroxetine; *d*-Amphetamine; Serotonin; Healthy volunteers 39, 223

**Substance abuse;** DSM-IV; Abuse criteria; Diagnostic criteria; Quantitative model; Qualitative model 39, 99

**Test-retest;** Reliability; Diagnostic reliability; Psychiatric assessment; Diagnostic interview 39, 37

**Treatment;** Cocaine abuse; Mazindol 39, 245

**Treatment readiness;** Methadone; Stages-of-change; Heroin 39, 45

**Treatment services;** WHO, International survey; Health care services 39, 7

**Tumor necrosis factor;** Alcoholic hepatitis; Interleukin;  $\gamma$ -Interferon; Cytokines 39, 23

**Twins;** Genetics; Comorbidity; Alcoholism; Drug abuse; Mental disorders 39, 129

**Urinalysis;** Intravenous drug use; Injection; Needle sharing; Self-report; Validity; HIV-1 39, 91

**Validity;** Alcoholism; Diagnosis; Drug abuse; DSM-III; DSM-IV; ICD-10; Severity 39, 139

**Validity;** Intravenous drug use; Injection; Needle sharing; Urinalysis; Self-report; HIV-1 39, 91

**Valproate;** Pentylentetrazol; Conditioned aversion; Withdrawal discomfort; Quasi-withdrawal; Naloxone 39, 1

**WHO, International survey;** Treatment services; Health care services 39, 7

**Withdrawal discomfort;** Valproate; Pentylentetrazol; Conditioned aversion; Quasi-withdrawal; Naloxone 39, 1
